SHORTER TERM OF MEN WHO HELPED ENLISTMENT IS FAVORED BY GARRISON

War Secretary After Tour of Military Posts Suggests a Means of Making Service More Attractive.

ARMY NEVER IN BETTER CONDITION THAN NOW

(By Leased Wire to Evening Herald.)
 Washington, Sept. 15.—"I don't believe the army was ever in better condition," said Secretary Garrison, when he returned to his desk at the war department today after an absence of two months visiting all the important military posts outside of New England and some of the stations in the middle states.

"If we are going to attract the men and want to raise the efficiency of the army, we must have a shorter term of enlistment," he continued. "I am in favor of a three year term with the privilege of discharge, into the reserve, as soon as an enlisted man proves his efficiency. It has not been decided what the shortest period with the colors shall be. That will depend entirely on the individual. I am in favor of discharging men as soon as they earn discharge and as a reward for their hard work."

Secretary Garrison said he had not yet decided what period a discharged soldier should serve in reserve. "And to make the army more attractive to the best class of men," said he, "I favor vocational training for the army, so that in addition to the military training and discipline which a man would acquire through service he would leave with some trade when he goes again into civil life. Whenever I went I found universal approval of this plan."

The secretary declined to discuss the plans for the concentration of the army in a few strategic centers, rather than have it distributed throughout 157 posts.

WORDS FROM HOME.

Statements That May Be Investigated. Testimony of Albuquerque Citizens.

When an Albuquerque citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of an Albuquerque resident. No stronger proof of merit can be had.

J. M. Vickrey, plumber, 1094 N. Eleventh street, Albuquerque, N. M., says: "I don't hesitate to recommend Doan's Kidney Pills. I am sure that they are a good medicine for backache and kidney trouble. In my case they brought immediate relief from backache. I know of another case where Doan's Kidney Pills were used for pain in the back that was caused by weak kidneys. Such positive benefit was had that it proves their worth beyond question."

UNIVERSITY JUDGED BY ITS STUDENTS SAYS BOYD

Interesting Addresses at the Formal Opening of New Mexico's Chief Educational Institution in Rodney Hall Today.

The official opening of the state university took place this morning, the entire student body and many alumni and old friends of the institution being present. The faculty, arrayed in caps and gowns, occupied the platform of Rodney hall from which the speakers of the occasion addressed the audience. Following was the program:

University hymn, congregation.
 Invocation, Rev. S. E. Allison.
 Music, Girls' Glee club.
 Address, President David B. Boyd.
 Introduction of various new heads of departments with short responses from each in order named:
 Professor Kirk, professor of geology.
 Professor Morley, professor of Latin language.
 Professor Barton, professor of mathematics.
 Professor Saydam, professor of physics and sciences.
 Professor Gruer, professor of chemistry.

Each professor spoke enthusiastically of the prospects and all were heartily applauded.

Dr. Boyd spoke of the necessity of individual development of the members of the student body, dwelling also upon the fact that the university was largely judged by the conduct of the students. He then spoke upon the relation of the university to the state, pleading for the support of the student body in making known the character of the institution by the character of its graduates and under graduates.

The assembly closed with the singing of the Alma Mater.
